

# **Midday meal scheme for the deserving students**

## **Appeal**

Visionary, Late Sri D. Rathnavarma Heggade, established SDM College, Ujire, way back in 1966 with the feeling that the students of geographical and financial backward region shall not be deprived of reaping the benefits of higher education. At present, under the able presidency of Dr. D. Veerendra Heggade, the College is taking his vision into mission.

At present, SDM College (Autonomous), Ujire offers Undergraduate, Postgraduate and Research Programmes in Arts, Science and Commerce disciplines. Currently, more than 2,500 students pursue higher education in the campus. At this juncture, a matter of concern we need to share with you here is that there are number of students for whom the financial position of their family is sound. As a result the campus witnesses dishearteningly a number of academic aspirants who will go without the midday meal due to this.

To be there on the side of solutions rather than the problems is one of the mottos of the College. Joining hands with the Alumni Association, donors and the management, the College has been supporting such identified students with the Midday Meals Scheme. Under this facility nearly 400 identified students were supported during the academic year 2009 -10.

In the academic year 2011-12 the College received more than 625 applications and a committee constituted has scrutinized them for the Midday Meal Scheme. Around Rs. 1,600/- shall be the estimated expenditure in order to bring a student under the scheme.

Having felt the necessity to continue the scheme the College is appealing the Alumni, donors and the able ones for generous contributions.

You may make payments with the following options:

1. Pay cash in the office

**OR**

2. Pay cheque in the name of "President Old Student Association", payable at Ujire

Looking forward for supporting at least one needy student during the academic year

Yours Sincerely,

Principal  
SDM College, Ujire
