Theme of the conference:

The Conference dwells on a very noteworthy and exigent theme, "Quest for Good Governance - The Need for Innovative Approaches". The objective of the conference is to provide a platform for all scholars, researchers, academicians and practitioners in various fields of Social Work all over India to come together and refresh their thinking, and to propose innovative approaches towards Good Governance. One is aware that 'million mutinies' are taking place almost on a daily basis in the country. The need is to go for 'million negotiations' that would ensure that government, market and civil society work together for the poor. Good governance does not occur by chance. It must be demanded by citizens and nourished explicitly and consciously by the nation state. It is, therefore, necessary that the citizens are allowed to participate freely, openly and fully in the political process.

Sub themes:

- ▶ The Challenges of Good Governance in India
- ▶ Pro-Poor Initiatives
- ▶ Gender sensitive Initiatives
- ▶ Human rights and good governance
