E – GOVERNANCE POLICY

Policy for E – Governance: As per the Information Technology Act of 2000, the Institution is gradually transitioning to paperless communication to the greatest degree practicable. The campus' goal is to have total E-Communication by 2025, boosting accountability, openness and efficiency in service delivery while also moving toward ecofriendly practices.

Need for E – Governance: a) Through the internet students and faculty may access and disseminate information at any time and from any location. b) To increase the institution's productivity and efficiency in service delivery.

Policy: The institution features an in-house automation system for E-Governance called EERPMS (Educational Enterprises Resource Planning and Management System) and uses popular third part services. In the case of a third party, data will be stored in 'Cloud Infrastructure' for easy and quick retrieval.

- The college campus is Wi-fi enabled and allows simultaneous use of all the staff and students. College strives to maintain good bandwidth to enable all e-Governance IT applications to function effectively and efficiently provide services. Periodically instructions and training are being provided to the faculty, non-teaching staff, and students.
- Payment gateway established with the Bank of Baroda for the online fee payments. The institution understands the importance of adopting mobile technology to provide better access to services that benefit stakeholders.
- Certain e-services are implemented and others are in different stages of implementation. These e-services are facilitating information availability, online submission of forms, online processing, payments, verification, status tracking, and online availability of services to all college stakeholders. The college website shall be leveraged to increase awareness of the delivery of services to netizens.
