VERY URGENT

Sir,

Sub: Implementation of EERPMS Software

During the last financial year, a team of officials led by Mr. Lawrence Pereira, Chief Finance Officer visited your institution more than twice in connection with the implementation of the above referred software. The designated staff members of your institution had one-to-one as well as offline discussions with Mr. Pereira and other members of the software team from SDME Society, Ujire on the implementation of the above software in your institution from time to time. They have been offering solutions to various operational problems encountered by your staff in different departments in implementing EERPMS Software.

Recently, a review of the progress made in the implementation of the software was made at the highest level. The Rev. President himself has taken keen interest in the implementation of the software by all SDM Institutions. He has directed the Secretary, SDME Society, Ujire and us that all SDM Institutions must implement the software from 01-04-2014 unfailingly. The Rev. President has desired to have an undertaking from the Head of each institution assuring the implementation of the software from 01-04-2014 and also to submit a progress report to the Secretary, SDME Society, Ujire on a weekly basis.

You are, therefore, requested to bestow your personal attention to the implementation of the software with right earnest in your Institution effective from 1st April 2014 without an excuse. You shall submit by return mail an undertaking, draft of which is attached to this mail. Please also inform us the name of Nodal Officer responsible for the implementation of the software.

Regards,

SECRETARY

CIRCULAR

To: Heads of Institutions

Dear Sirs,

Sub: Workshop on HR module of EERPMS

You may be aware that the number of employees in our organization now exceed 5000. To effectively manage such a large workforce, we need to have easy and swift access to employee data. To this end, we had initiated the implementation of the I phase of the HR module of our in-house built software – EERPMS. Most of our institutions have successfully completed this phase and are enjoying its benefits. The following issues were covered under this I phase:

1. Employee registration
2. Payroll profile
3. Attendance
4. Leave records
5. Payroll Generation
6. Salary Payment

Now, the management feels that the II phase of the HR module should be implemented to bring all the other employee data up-to-date in order to reap the benefits of the whole system. The second phase covers the following:

1. Unique employee ID
2. Qualifications, Previous experience, Languages known, Achievements, etc.

3. Employee status such as: Designation, Grade, Cadre, Category, Department, Division, etc.
4. Job description, hierarchy, etc.
5. Various IDs such as: PF, ESIC, PAN, Aadhar, Passport, DL, etc.
6. Alerts, Comments, Misc.Info, etc.
7. Photographs, signatures, documents, etc.

This entails gathering a lot of data from employees and entering it into the software. More importantly, it is imperative that this data is correctly input. Some of the items such as status are to be allocated by the office. Therefore, we have organized a one day workshop to demonstrate and discuss this module with all the concerned staff on **Saturday, 18 October, 2014 at Ujire starting at 10 am.**

You are requested to depute your concerned employees without fail to this workshop. As the subject is quite important, senior level staff such as office managers/superintendents are also advised to attend. All the attendees will be able to return on the same day.

Those institutions which have not completed the I phase of implementation up-to-date shall give a written explanation for the same, duly signed by the concerned staff and the Head of the Institution, to be submitted at the workshop.

P.S : Please send the list of persons attending the workshop by tomorrow.
