Handson session and Sky watching program - A special Department Activity(Extension/community oriented program)The Department of PG Studies and Research in Physics had organised a hands-on session of sky watching and star gazing program called 'Last Starry Night For2023, With Moon on the night of 30-12-2023 in front of the PG Centre campus. In the event, apart from Saturn and Jupiter, one of the most easily recognisable star clusters in the night sky called Pleiades (also known as 'Seven Sisters' or M45) was sighted and captured.The brightest stars in the Pleiades asterism glow a luminous blue, and are so bright that they can be seen with the naked eye.

Also, the beautiful view of Jupiter along with its Galilean Moons were observed through telescope.

Mr. Harshavardhan and Mr. Shreesha,amateur astronomers and former students of SDM College, were present and shared a bundle of knowledge and skill in handling various aspects of telescopes – sky watching, star gazing, Astrophotography, image processing and software analysis.

Dr.Raghavendra S, HOD, Department of PG Studies and Research in Physics was the coordinator of the event. Also, he explained many informative and interesting aspects about stars, planets and telescope. Around 80 participants including staff and students from various
