Principal's Desk

Technology is playing an important role in imparting education....

Since a very long time we have been criticising our education system for lacking effective learning techniques or skill based learning. Technology based education seems one step towards revolutionising education for the better. Technology and education is a great combination if used together with a right reason and vision. Imparting technology based education from their early stage is definitely a positive idea. A typical classroom was once characterised by students sitting through hour-long teacher lectures. Now it is changing gradually. This means that classrooms are adopting technology by having digital learning tools, such as computers, printers, projectors etc. 'Eyes work more than ears' is the mantra behind the widespread usage of these tools. The digital learning is user-friendly, self-explanatory and makes the process more interesting. Use of graphics simplifies the concepts of difficult subjects like Maths, Biology, Chemistry, and Physics. It increases the student's engagement and motivation and accelerates learning.

The internet provides a variety of knowledge and doesn't limit students to one person's opinion. Explaining a lesson with the help of audio or visual aids helps in deeper understanding and better clarification. Online education is now accredited and has changed the way we view education. Students, even professionals can take it as a part-time or full time course for their progress from anywhere and at any time. Popular in such education is a practice, in which students watch videos of already recorded teaching and creates extended classroom communities for discussions or virtual classrooms etc. It eliminates the travel time and travel costs of students. However, with the use of technology, mass education can be provided and the prevailing situation can be changed. Classroom courses at one place can be recorded in real time and can be used for teaching the students who cannot attend these classes. This could be a good option as rural people are more attracted to technology and drop-out rate could be reduced.

Let us make the best usage of technology.

Dr B A Kumar Hegde,
Principal

Programmes Organised

- The Student Welfare Committee of the College organised the “Inaugural Ceremony of the Students’ Activity Fora under Student Council 2023-24 on 15 September 2023. Sri Sampath B Suverna, President of Suverna Cultural Foundation Belthangady and past Zone President of JCI India, while inaugurating the activities, talked about Youth and Leadership. Dr B A Kumar Hegde, Principal of the College, issued badges and administered the oath to the office bearers. The Science Association President, Mr K Kiran, welcomed the gathering. Chiguru, a student practice journal of the Department of Journalism, was released. Mr Nataraj H K, Coordinator of the Student Welfare Committee, made an introductory note. Ms Pratheeksha, President of the Arts Association, proposed a vote of thanks.

- SDM Post Graduate Centre, in association with SDM Naturopathy and Yogic Science College, Ujire, organised an awareness workshop for the postgraduate students of SDM College. The programme was conducted by the Department of Nutrition and Dietetics of SDM Naturopathy Yoga Science on the occasion of 'National Nutritious Food Month', Dr Geeta B Shetty, Head of the Department of Diet and Nutrition, in her inaugural address, said that healthy food at the right time is essential for good health. As the full growth of the human body takes place during youth, the food consumed during this period influences physical growth. This year is being celebrated as 'International Year of Cereals', and September is being celebrated as 'Nutritious Food Month'. Dr Madhu Priyadarshini M and Dr Medhini informed the student participants about healthy eating habits. Dr Naveen Kumar, the Student Welfare Coordinator, attended the event. Ms Vishnupriya welcomed the gathering. Ms Shivpriya and Ms Adira mastered the ceremony.

- SDM-Rotary Career Guidance & Placement (HRD) Centre organised a One-day Training programme on Leadership Skills and Team Building for All Class Representatives on 27 September 2023 in Seminar Hall SDM-PU College, Ujire. Dr T Krishna Murty, Rtd Principal SDM Residential PU College and National Soft Skills Trainer was the trainer for the programme. 44 Class Representatives got the benefit from the programme

- The Department of Computer Science organised the inauguration of the IT Club on 11 September 2023. Prof. T N Keshava, Former Principal of SDM College, Ujire, shared his insights as the chief guest. Reflecting on the technological journey, he remarked, "When the first computer arrived at the college 40 years ago, it had a mere

40MB of memory. Today, data storage capabilities have evolved tremendously. How much we learn about technology, it always seems inadequate, as innovation in technology is incessant." The event saw the unveiling of the department's poster and a remarkable painting crafted by Mr Anant, a student of the Department, which was later presented to the department in recognition of their collective endeavour. Dr B A Kumar Hegde, Principal of the College, extended his felicitations to the student coordinators of the IT Club, presenting an identity card and a flower as a token of appreciation. The dais also featured Mr Shailesh Kumar, Head, Ms Akshata, Lecturer and Coordinator of the IT Club, along with Ms K Divya Yadav, Mr Manish Kumar, and Mr B Satish, as student representatives. All the staff members and the students of the Department were present.

- The Department of Commerce and Business Administration jointly organised the inauguration of the Commerce Campus Association on 23 September 2023. The CEO, Mr Adarsh Bekal, welcomed the gathering. The programme was inaugurated by Dr Ravi M N, Assistant Professor, GFCC

Melantabettu. The guest addressed the gathering with motivational words and delivered an insightful inaugural speech, sharing valuable insights about the importance of education in today's dynamic world. "VANIKA", the department wall magazine, was released. Dr Ravi M N, Dr

Suman Shetty and Mr Bhanuprakash B E unveiled their latest publication, titled 'Income Tax Law and Practice' and 'GST Law and Practice'. Dr B A Kumar Hegde, Principal of the College, delivered the presidential address. Dr Ratnavathi K, Head of Commerce Department, administered the oath to the members of the association. Mr Suvith Shetty, Secretary of CCA, presented the association's annual report for 2022-23. Ms Shakunthala, Dean of Commerce, Staff in-charge Ms Vinutha D M Mr Gururaj and others were present. Ms Jennifer and Ms Madhura mastered the ceremony. Ms Sharadhi Holla proposed a vote of thanks.

- The Department of History organised the History Association Inauguration programme at Samyak Darshna Seminar Hall on 20 September 2023. Dr B A Kumara Hegde, Principal of the College, presided over and inaugurated the programme. He emphasised the importance of inculcating research among

History students and evolving innovative approaches in their studies. Dr Sanmathi Kumar, Head of the Department, coordinated the programme. Volume 7, issue 1 of the Department Wall Magazine 'Anneveshane' on the theme of Coorg People and Culture was released on this occasion. Ms Sona III BA welcomed the gathering, Ms Vidyashree II BA proposed a vote of thanks, Ms Sristi of III BA highlighted departmental activities, and Ms Mariya of III BA mastered the ceremony. Ms Abhijna Upadhyaya, Assistant Professor and 94 History students were present.

- The Department of Chemistry hosted the 'Spatika' - Association Inauguration Programme and observed 'World Ozone Day' on 16 September 2023. Mr Ganesh V Shendye, an Assistant Professor of Botany, inaugurated the Association, Wall Magazine, and E-Magazine. He spoke

about the significance of the Ozone Day celebration. He mentioned that the presence of a noticeable polar front and stratospheric clouds is the leading cause of the ozone hole in the Antarctic region. The polar front is a region where the polar air meets the cold air. The polar front is where warm subtropical air meets chilly polar air,

forming a border and providing association members with inspirational speeches. All the students received well wishes from Mrs Nanda Kumari, Registrar of the College and HOD, Chemistry, who presided over the programme. It benefited 150 Chemistry students. Ms Ganavi D, Assistant Professor of Chemistry, coordinated, and all the faculty members of the department were present at this event.

- The Department of History organised a Vine Video Show on 'Challenges of Writing Historic Novel' on 16 September 2023. The video narrated the challenges of Writing a Historical Novel through a Lecture Chenna Bairadevi, the pepper Queen of Gerusoppe in the U.K., by Dr Gajanana Sharma at the 89th Sahitya Sammellana at Dharmasthala on 3 December 2021.
