Principal's Desk

Involve and evolve.....

Co-curricular and extracurricular activities play a crucial role in the holistic development of students, complementing the academic curriculum and contributing to their overall growth. These activities offer a wide range of benefits that extend beyond the classroom, fostering personal, social, and academic development. Participation in co-curricular and extracurricular activities helps students to develop essential life skills. Leadership roles in clubs or sports teams teach responsibility, decision-making, and teamwork. Activities such as drama, music, and debate enhance creativity, self-expression, and public speaking skills. These experiences build confidence and self-esteem, encouraging students to take on challenges and step out of their comfort zones. Engaging in co-curricular and extracurricular activities provides students with opportunities to interact with peers who share similar interests, fostering friendships and a sense of belonging. These interactions teach important social skills, such as communication, empathy, and collaboration. Students learn to work effectively in diverse groups, understanding different perspectives and developing mutual respect. This social development is crucial for building strong, supportive networks that can benefit students throughout their lives. Co-curricular and extracurricular activities can also enhance academic performance. Many activities, such as science clubs, math competitions, and literary societies, are directly related to academic subjects, providing students with deeper insights and practical applications of classroom knowledge. Participation in these activities often leads to improved time management and organizational skills, as students must balance their academic responsibilities with their extracurricular commitments. Research has shown that students involved in extracurricular activities tend to have higher grades and better attendance records. Physical activities, such as sports and outdoor adventures, promote physical health, reducing the risk of obesity and other lifestyle-related diseases. Regular physical activity is also linked to improved mental health, reducing stress, anxiety, and depression. Students learn the importance of giving back to their communities and develop a lifelong commitment to service. These activities promote awareness of social issues and encourage students to become active, informed citizens.

In conclusion, co-curricular and extracurricular activities are integral to the educational experience, contributing to the holistic development of students. They enhance personal growth, social skills, academic performance, physical and mental health, career readiness, and community engagement. By providing a well-rounded education, these activities prepare students for success in all aspects of life, equipping them with the skills and experiences necessary to navigate the complexities of the modern world. Encouraging student participation in a diverse range of activities is essential for fostering well-rounded, capable, and resilient individuals.

With best wishes

Dr B A Kumara Hegde,
Principal

Programmes Organised

- The Departments of UG & PG Commerce and the Department of Business Administration, in association with the Internal Quality Assurance Cell (IQAC) of the College, organised a one-day national-level seminar on "Recent Trends in Banking, Finance, and Insurance" on Saturday, 27 July 2024. The event aimed to bring together experts and stakeholders to discuss the latest developments in the banking, finance, and insurance sectors.

Dr Satishchandra S, Secretary of SDM Educational Institutions, inaugurated the seminar and emphasised the crucial role of banking institutions in the global economy. CA Abdulla Madumole, former financial controller of Zayed Group, Abu Dhabi, was the chief guest. He highlighted the importance of adapting to environmental changes and embracing new technologies to stay ahead.

Dr. Kinari Thakar, Professor of Commerce at the University of Mumbai, spoke about the need for sustainable practices in the banking sector and its impact on society. The seminar featured technical sessions, paper presentations, and discussions on various topics related to banking, finance, and insurance. Dr B A Kumara Hegde, Principal of the College, emphasised the need to bridge the gap between industry experts and consumers in his presidential remarks. Mrs Shakuntala, HoD of Business Administration, and Dr Priya Kumari, HoD Postgraduate Studies and Research in Commerce coordinated the seminar. Dr Ratnavathi K, HoD of Commerce, welcomed the gathering, while Dr Lakshminarayana K S, Secretary of the seminar, proposed the vote of thanks.

Inauguration of the Students' Council and Student Activity Fora -2024-25

SDM College Student Council and Student Activity Fora for the academic year 2024-25 was inaugurated at the renovated Indraprastha Auditorium on 23 July 2024. While addressing the students after inaugurating, Assistant Commissioner of Police for Mangalore North Zone and SDM PU College alumnus Sri Manoj Kumar Nayak expressed his deep concerns over the tendency of youth to take extreme measures for trivial reasons. Dr Satishchandra S, Secretary of SDM Educational Institutions, addressed the gathering as the chief guest. He noted that leadership is not confined to politics but is crucial in all aspects of life. He encouraged students to develop leadership qualities through their involvement in student councils. Dr B A Kumar Hegde, Principal of the College, presided over the programme and administered the oath to the student council office bearers. During the event, the journalism students' practical newspaper 'Chiguru' and a wall magazine featuring photographs of the inauguration were released. ACP Manoj Kumar Nayak was also honoured on this occasion. Mr Shreyas, Assistant Professor and Chairman of the Student Welfare Committee of the College, delivered the introductory remarks. Mr Sudesh, president of the Science

Association from III BCA, welcomed the gathering. The prayer was led by Vaidhehi and the team. Ms Dharithri Bhide introduced the guests, and Ms Veesha proposed the vote of thanks. Ms Manasa Agnihotri and Ms Ruchira mastered the ceremony.
